

Module Pattern

```
1 const CarFactoryModule = ((make, model) => {
2   let color = 'white'
3
4   return {
5     getMake: () => make,
6     getModel: () => model,
7     getColor: () => color,
8     setColor: (newColor) => (color = newColor),
9   }
10 })( 'Toyota', 'Corolla' )
11
12 CarFactoryModule.getMake() // "Toyota"
13 CarFactoryModule.getModel() // "Corolla"
14 CarFactoryModule.getColor() // "white"
15
16 CarFactoryModule.setColor('red')
17 CarFactoryModule.getColor() // "red"
18
```
